Re: Resignation from Chairman's Position

It is with regret that I am submitting my official resignation from the position as sitting **Chairman** of the Blackfeet Tribal Business Council for the remainder of my Chairman's term of 2010-2011, as of August 12, 2011 at 4:00 p.m.

I cite loss of confidence and ability in my official capacity to lead the Blackfeet Nation through a visionary process for the betterment of the 16,100 tribal citizens.

In July of 2010 I was again elected to lead as Chairman of the Blackfeet Nation and I undertook an Oath of Office for my 2010-2014 term of office that I would; *"support, follow and defend the constitution, by-laws and plan of operations of the Blackfeet Tribe."* In recent weeks however that has been my issue on the processes of the business of the Blackfeet Tribal Business Council's decision making.

I will remain on the body of the Blackfeet Tribal Business Council as a regular council member for the duration of the term in issue.

If you have any concerns or questions, please feel free to contact my office at 406-338-3194.
